Preparation

Wan Li Xiang (WLX) selects the best pork mince, marinated with the traditional sauces and barbecued over charcoal. WLX is natural, and really delicious.

Cultural Significance

In Malaysia and Singapore, Bak Kwa has become a trendy gift offered to visitors and acquaintances and corporate employees (some during the Chinese New Year).

Bak Kwa is becoming a favourite gift to hand out to friends and relatives during Lunar New Year. While demand is exceptionally high during the festive seasons, it is also served throughout the year in various outlets as takeaway snacks or served together with main courses at home.
